

## Surge Arresters now available from Rex Power Magnetics!

- Available in 3, 6, 9, 12 and 15 kV ratings
- Other voltage ratings available by request
- Gapless zinc oxide core provides excellent non-linear voltage characteristic
- Higher current carrying capability at overvoltage than conventional silicon carbide arrestors
- Technical performance conforms to IEC 60099-4 and IEEE 62.11
- Same day pick up or shipping available (Greater Toronto Area)
